

PlayLearn Activity Scaffolding & Extension Planner

(Detailed)

Activity Overview

Learning Goals

Materials Needed

Environment Setup

Observation Notes (What are children doing/saying?)

Scaffolding Strategies (Support for different learners)

Extension Ideas (Deepening learning)

Questions to Ask Children

Differentiation (Adaptations for needs)

Assessment & Reflection

Follow-Up Planning

Guiding Prompts for Educators

- What is the child already able to do independently?
- What small step can I add to support growth?
- How can I model or demonstrate the skill?
- What open-ended question can extend thinking?
- How can I encourage peer collaboration?
- What materials could deepen exploration?
- How will I know learning has occurred?
